#### Informed Consent to Health Care by Traditional Oriental Medical Practitioner

I hereby request and consent to the performance of the following on me (or the patient named below, for whom I am legally responsible) by Susan Gallagher, Dipl. OM.: acupuncture and other oriental medical procedures including diagnostic techniques such as questioning, pulse evaluation, and manual palpation on a variety of areas on my body; observation, range of motion evaluation, muscle, orthopedic, and neurological testing; modes of manual and physical therapy such as massage, manipulation of joints and/or viscera; heat and/or cold therapy; and electrical and or magnetic stimulation. The prescription of herbal medicines and dietary supplements, dietary recommendations, advice regarding exercise; and lifestyle counseling may also be included.

I have had the opportunity to discuss with Susan Gallagher, Dipl. OM questions I have regarding the nature and purpose of acupuncture and oriental medical procedures and potential risks of treatment. I understand that while acupuncture has helped millions of people, no guarantee of cure or improvement in my condition is given or implied. I do not expect Susan Gallagher, Dipl. OM to be able to anticipate and explain all risks and complications and during the course of treatment. I wish to rely on her judgment based on the facts known at this time.

I understand and am informed that there are some risks to treatment. I understand that, while unlikely, possible risks include but are not limited to: bleeding, bruising, inflammations, infections, burns, general aches, sprains, strains, dislocations, fractures, disc injuries, strokes, puncture of organs, pain or other strong sensations at the location where a needle is inserted or radiating from that location, nerve pain, aggravation of current symptoms, and appearance of new symptoms.

The herbs and supplements (which are from plant, animal, or mineral sources) that may be recommended are traditionally considered safe in oriental medicine, although some may be toxic in large doses. I understand that some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives, and tingling of the tongue. Herbs may need to be prepared and herbal teas may be consumed according to instructions provided orally and in writing. The herbs may have an unpleasant smell or taste. I will immediately notify Susan Gallagher, Dipl. OM of any unanticipated or unpleasant effects associated with the consumption of herbs.

I understand that acupuncture and oriental medicine is not a substitute for Western medicine, and that certain health disorders may require a Western medical diagnosis and treatment. I am free to seek Western medical advice and treatment at any time, either in lieu of or concurrently with oriental medicine. I realize that I may withdraw from treatment at any time. I understand my patient records will be kept confidential and will not be released without my written consent.

I understand that in general the recommended treatment frequency is once a week and as my condition improves, treatment frequency is decreased. The number and frequency of treatments may vary greatly, depending on such factors as the patient's vitality, their health history, the type of condition, the length of time that the condition has existed, the patient's lifestyle, and many other factors. I understand it is not possible to initially determine how many treatments I may need. However during the course of treatment, my options with regard to treatment frequency and the number of treatments I may need will be discussed.

By signing below I agree to the above named procedures and have read and have had the opportunity to ask questions about the above consent. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment. The following is to be completed by the patient or patient's representative, if necessary, that is, if the patient is a minor or physically or legally incapacitated.

#### Disclosure Statement

This disclosure statement is in compliance with the State of Colorado, Department of Regulatory Agencies, Colorado Statute Title 12, Article 29.5. Every effort to comply with these rules and regulations, as well as those set forth by the Department of Health, is made by this clinic, including proper cleaning and sterilization of equipment and the office. Only single use, sterile, disposable needles are used.

The Department of Regulatory Agencies (DORA) regulates the practice of acupuncture. Any complaints should be directed to the Director of the Division of Registrations in the Department of Regulatory Agencies: 1560 Broadway, Suite 1340, Denver, CO 80202-5140. Telephone (303) 894-7851.

Patients are entitled to receive information about the methods of therapy, techniques used, and the duration of therapy, if known. Patients may seek a second opinion and may terminate therapy at any time. Your relationship with this office is strictly confidential. No license, certificate, or registration has been suspended or revoked. In a professional relationship, sexual intimacy is never appropriate and should be reported to the Director of the Division of Registrations in the Department of Regulatory Agencies.

My training and experience include the recommendation and application of adjunctive therapies and herbs consistent with traditional Oriental medical concepts. Your therapy may include recommendations for adjunctive therapies or herbs.
